

## GUIDELINES FOR SUBMITTING ASSIGNMENTS

Scientific Computing II  
Fundación Universitaria Konrad Lorenz

You are expected to follow the next instructions when submitting your assignments. Not doing so can result in receiving partial or null score.

- (1) Archive all the documents related to the solution of an assignment in a .zip file following the next convention “Jimenez-Julian.zip” (use your own name).
- (2) All the related codes and data needed should be included in the compressed file.
- (3) All codes are expected to run without errors and warnings.
- (4) Required **proofs** or **figures** must be included in a PDF written in L<sup>A</sup>T<sub>E</sub>X. Figures should be labeled.
- (5) You can write your codes in **Python** or **C/C++**, unless explicitly stated.
- (6) Ask me if you have questions! [juliano.jimenezc@konradlorenz.edu.co](mailto:juliano.jimenezc@konradlorenz.edu.co)
